## Russian Charge Of Fifth Column Rejected by U.N.

Only Red Bloc Supports Protest  
Of U.S. Act; Assembly Recedes

PARIS, Dec. 21 (CP)—The United Nations, in its final sitting before the Christmas recess, today overwhelmingly rejected Russian charges that the United States is organizing a fifth column behind the iron curtain.

By 39 votes to five the political committee defeated a Communist resolution demanding

repeal of the U.S. Mutual Security Act. There were 11 abstentions.

The resolution, debated for the last three days, claimed the act provided funds for subversive anti-Communist activities. Only Communist countries voted for it.

Delegates then began an 11-day session. They will reconvene Jan. 2 for the second half of the sixth session.

The adjournment came with the General Assembly far behind schedule on the political questions on the agenda and with the main East-West disagreements still not settled.

The spirit of the assembly has been to get major powers together to discuss their disagreements in order to prevent another world war and establish an effective collective security system. President Luis Padilla Nervo of Mexico told a press conference.

In the 45 days of its present session the assembly has:

Established a disarmament commission to discuss "reduction of arms and international control of atomic energy."

Set up a five-nation commission to see if both East and West Germany are ready for free elections.

Recommended that Italy be admitted to the U.N.

Elected Greece to replace Yugoslavia on the security council despite violent Communist protests.

Abolished the Balkan committee following a Greek report that Communism is under control there.

Adopted a resolution aimed at lessening tension between Tito's Yugoslavia and her communist neighbors.

But the Soviet nations have served notice in advance that they will deadlock the commission for disarmament and German elections even before they are started.

In his press conference, Dr. Padilla Nervo described the general atmosphere of this session as one of cordiality, but experienced diplomats here said they could see little evidence of it.

## Driver Taken To Hospital After Mishap

Richard Johnson, 3344 Grant Street, is in "fairly good" condition at Royal Jubilee Hospital after receiving injuries to his ribs and base of his spine when his car and a car driven by Raymond J. Eldneier, 3220 Albion, were in collision on Burnside near Albion last night.

Saanich police said Johnson had parked his car off the traveled portion of the road and was walking around his car to go to a nearby house. The collision knocked his car forward onto him. His wife, sitting in the car was unhurt.

S. E. Hill, 311 Burnside, told The Daily Colonist he heard the crash and ran outside with a flashlight and helped pull a man out from under the car. Later he helped direct traffic while police were helping the injured man.

Damage to Eldneier's car amounted to about \$300 and Johnson's car sustained \$100 damage.

Eldneier was taken into custody by Saanich police.

## Truman Called Into Dispute

WASHINGTON, Dec. 21 (CP).—Government mediators gave up trying to head off a country-wide steel strike today and dumped the problem in President Truman's lap.

The President now may invoke the Taft-Hartley labor act, ask the Wage Stabilization Board to make recommendations or take some other step not apparent at the moment. The strike of more than 1,000,000 members of the United Steel Workers of America (C.I.O.) is set for New Year's Day.

## Ford Fires Six Workmen For Misconduct in Strike

WINDSOR, Ont., Dec. 21 (CP).—"Six factory employees of Ford Motor Company of Canada, Limited, are being notified today of their immediate discharge for serious misconduct which led to the shutting down of the company's power house in the early stages of a wildcat strike which began Dec. 3 and lasted until Dec. 14," Rhys M. Sale, president of the company, announced today.

"These are in addition to the 26 men dismissed by the company Dec. 3 for inciting fellow workers to take part in unlawful and unauthorized work stoppages in the last week of November, and who took part in such stoppages themselves."

"The negotiating committee of Local 200, United Automobile

Workers (C.I.O.), was informed by Wallace H. Clark, vice-president, industrial relations, at a meeting this afternoon, of the company's decision to discharge the six men."

"We are dismissing the men because we feel we must fulfill our obligation to the thousands of people on our payrolls who have suffered, and are suffering real hardship as the result of the reckless and irresponsible acts which led to the closing of the power house. The possibility of legal action, in addition to the discharges, is under study by our lawyers."

The statement added that it has cost more than \$100,000 to repair damage caused by stoppage of power during the 11-day strike.

## Heavy Ice Traps Tankers Near Windsor

Ice locked its jaws Monday around eight oil tankers and a coal-boat in the Detroit River near Windsor, Ont. Three, the Imperial Windsor, the Imperial Midland and the Imperial Leduc, got away after a 12-hour battle. The tankers L.S. Wescoat and Boston Socony and the coal-boat Fred L. Hewitt gained their freedom after

36 hours. The tankers Panoli, Blue Comet and Meteor are still stalled by ice. At left, the Panoli is seen jammed in the Livingston Channel of the Detroit River; at right, the Leduc is fighting its way through an ice-field followed by the tug Atomic which assisted her. —(CP photos.)

## Blast, Blaze Trap Miners In U.S. Shaft

Four Dead, 100 Missing  
As Fire Uncontrolled

WEST FRANKFORT, Ill., Dec. 22 (Saturday) (AP).—Four miners were reported killed, at least three others were seriously injured and 100 others were believed trapped in a raging inferno in the world's largest coal shaft mine here early today.

Illinois State police said four bodies had been recovered and about 100 miners were believed trapped by a fire which broke out in the shaft of the mine where some 300 were at work on the night shift.

Four men were reported brought up by rescue teams which worked feverishly in shifts. They were uninjured. The injured were found between the bottom of the elevator shaft and the site of the blast.

The explosion, shaking the earth for a wide area, occurred about 3,000 feet from the elevator shaft. What set off the terrible blast in the mine could not be immediately determined.

Ambulances were called from a wide area in southern Illinois. An emergency hospital was set up at the West Frankfort Junior High School. Blood plasma was rushed in from surrounding cities to this town of 12,000, 70 miles southeast of St. Louis.

Rescue workers were hampered by flames and smoke as fire raged uncontrolled through the morning hours. The first blast was reported about 10:15 last night.

Lieut. Denzil Willis of the state police, at the scene, said it might take hours to reach the trapped men.

## Cayuga Joins Other Ships Pounding Reds

TOKYO, Dec. 22 (Saturday) (CP).—The Canadian destroyer Cayuga and the British frigates Alcester and White Sands Bay joined forces Friday to fight an artillery duel with enemy shore batteries near Chinnampo on Korea's west coast.

The American battleship Wisconsin joined forces with United Nations ground troops on the extreme end of the battle line.

The 45,000-ton battleship, working by directions from frontline artillery spotters, lobbed 2,000-pound shells from its 16-inch guns wherever a Communist position was suspected.

Meanwhile an Allied raiding party, started into Communist lines northwest of Chonwon and fought a 50-minute battle with the Reds.

Overhead, swift F-84 Thunderjets flashed through a freezing mist to set fire to valley-full of Communist supplies.

## Huge Fire Kills One In London

LONDON, Dec. 21 (Reuters).—One fireman died and 18 were injured tonight fighting London's biggest blaze since Hitler's blitz.

A huge block of warehouses in the city's jammed commercial district burned to a gutted hulk. Firemen working in relays fought throughout the night to stop the flames from spreading to the important Broad Street railroad terminus.

Ambulances sped to the scene to take to hospital firemen overcome by fumes or injured by falling debris.

By the time the first fire engines arrived the two top floors of the five-story block were belching flames. Soon afterwards the roof crashed in, sending sparks flying over a wide area.

## King's Message Transcribed

LONDON, Dec. 21 (Reuters).—Buckingham Palace announced tonight that the King's Christmas Day message to the Commonwealth will be recorded because the monarch's voice is still too weak for "live" transmission.

## Elworthy Urges Industry Have Say in Span Repair

Careful consideration of future plans of industry in Victoria's upper inner harbor should be undertaken before any repairs are made to the Point Ellice bridge, reports Harold Elworthy, president of Island Tug & Barge Ltd.

It would be a serious thing, he said, to put a "collar of steel about the throat of industries of that area."

He said the bridge was too low, and that any repairs or alterations should result in raising the span level.

"One big industry there has big plans for development, but those plans won't be carried out unless that bridge is raised," he remarked.

## Snow Spreads Over Canada

By The Canadian Press

Whether it was sparkling white or dirty grey, snow today covered most of Canada.

It was dirty grey in Toronto. Slush spun from car wheels as traffic swished between curbs piled with decaying snow. The storm was over and cold weather was the week end forecast.

Pedestrians, after two days of trudging through drifts, sloshed along sidewalks today.

In Montreal, freezing rain followed by wet snow fell on the city which had already withstood a week of blizzards and ordinary snowstorms.

Even Vancouverites were distressed at six inches of heavy snow topping the holly trees and hiding the summer-green lawns. Traffic splattered on Vancouver streets and thousands were late for work.

Later, the snow was topped with heavy rain.

In Halifax, and along the Nova Scotia coast, pounding seas battered fishing boats and crashed over shorelines.

Three ships were tossed ashore at Quispamsis Beach and residents evacuated their seaside homes when waves breached the high-water line.

Quebec City, after a 12-hour blizzard had buried most of the province, peered out over 10 inches of new snow.

At Calgary, ice jams in the Bow River started to back water into the Lowery Gardens district last night, forcing 12 families to flee from their homes.

In other parts of the city the only trouble seemed to be caused from seepage through dikes along the river's edge.

## Patients Earn Television

First time Santa Claus glimpsed television was when he attended the annual Christmas party at the TB Pavilion, Jubilee Hospital. Patients raised money for the television set by selling articles made in the wards, assisted by Jerry Gosley's Smile Show. Shown, right to left, are Mrs. Ethel Barnes and Miss Jeanie Tomczyk, patients; Jerry Gosley, Dr. F. O. R. Garner, who was presented with a lamp before leaving for Tranquille, B.C., and Santa Claus, impersonated by patient Ted Baker, who will be discharged in two days. —(Colonist photo by Jim Ryan.)

## Students Regain Freedom

Greater Victoria public school children said goodbye to books and teachers yesterday for a two-week Christmas vacation. Pupils will not return to their studies until Jan. 7.

Schools had Christmas examinations cleared away before the holiday, and students won't have to open a textbook for the next 14 days.

Joy was written on faces all over the city as thousands of children poured out of schools. Some classes were out later than others because teachers had arranged celebrations with exchange of gifts.

Mixed with the excitement of getting the long holiday, was the anticipation of Christmas festivities to come.

As one little boy said as he ran down the school steps: "Oh, boy, it can snow all it likes now because my Dad's bought me a sleigh!"

## Central Saanich Election Valid as Action Dropped

Central Saanich municipal election can now be considered valid.

Abandonment of an injunction restraining proclamation of candidates elected in the municipality was announced by E. L. Tait yesterday, acting for Hugh J. MacDonald, defeated school board candidate.

Mr. Tait said the municipality is now able to continue normal procedure. The injunction was obtained on grounds that the Dec. 15 election was illegal because the ballot form was not authorized by by-law.

Among reasons stated for abandonment of plans was that it had been successful, the municipality would have incurred added expense through a second election.

Persons to be declared elected are:

School trustees: Reeve Sydney Pickles, Robert C. Derrinberg, councillors, Harold Andrew and H. Rupert Brown; police commission, Sgts. Lfr. E. J. McLaughlin and George D. Moody.

## Allies Propose Prisoner Swap

MUNSAN, Korea, Dec. 22 (Saturday) (AP).—The United Nations command today proposed that all seriously ill and wounded prisoners be exchanged immediately without waiting for an armistice to be signed.

The Reds promised to consider it, but an official Allied spokesman said they doubted the Communists would agree.

The Communists delayed an answer to a request that representatives of the International Red Cross be allowed to visit Red prisoners of war camps. The Communist delegate said his commander was studying the appeal from Gen. Matthew B. Ridgway, supreme Allied commander, and would answer it later.

During the Saturday meeting the Allies and Reds accused each other of leaving thousands of names of prisoners off official lists.

An Allied offer to yield islands off North Korea laid the foundation for a possible compromise on the broad question of supervising an armistice. U.N. spokesmen called it a major concession.

On the issue of prisoners, however, the U.N. was far from satisfied. A stiffly worded note Friday demanded that the Communists account for more than 1,000 prisoners not named on the list handed to the Allies Tuesday.

## Adoption Not Secret

## Daughter Found in Vice-Regal Family

OTTAWA, Dec. 21 (CP).—Flaxen-haired Susan Alexander won't be thinking about it, but today she suddenly became Canada's most famous youngster of the moment.

For pert and blue-eyed Susan was disclosed as the adopted daughter of Viscount and Viscountess Alexander and a member of Canada's vice-regal family for most of her 3½ years.

In all her three years with her much-spoiled foster parents, she has lived at Rideau Hall, the official vice-regal residence. Yet until today the capital generally had no inkling there was a fourth youngster in the Governor-General's household.

Their Excellencies just didn't announce the new acquisition. The news leaked out when, like any other proud parents, they visited Susan's kindergarten to watch her romp in the Christmas-party fun.

But even after the adoption became known, there was little information available about Susan from Rideau Hall beyond the fact that Viscount and Viscountess Alexander adopted her in England on a visit three years ago. Susan was six months old then. Vice-regal aides did not disclose

her original parentage or the circumstances of her adoption, and they said the Governor-General did not wish to comment publicly.

However, they did say that in the last three years there has

been no particular attempt to keep Susan a secret.

Her parents-by-adoption have taken her on trips, and one today recalled having seen a published photograph of her taken last summer at Banff, Alta.

Too, she appeared with the rest of the family in the Alexanders' group picture on their Christmas card two years ago.

## City Areas Blacked Out

A POWER failure in part of downtown Victoria and residential Saanich blacked out offices and homes and chilled dinners last night.

The B.C. Electric Co. Ltd. reported a line short circuit and fell across Colquhoun River. The circuit trouble occurred from 3:57 to 4 p.m. and from 5:09 to 5:24 p.m., affecting The Daily Colonist, blacking out the Hudson's Bay Company and forcing both radio stations off the air.

Cause of the short circuit was not immediately found.

## Loggers Taken For Big Sums

VANCOUVER, Dec. 21 (CP).—Vancouver thieves are having a field day as loggers roll into town with their pockets full of money.

Two loggers reported to police today they had lost, or had been robbed of, \$2,335.

Vladimir Jorgenson told police that when he got back to his hotel his wallet containing \$2,185 was missing. Burt Neegard accepted an invitation from a man to accompany him to his room and when he got there the man hit him in the eye and took \$150.

## Troops Thankful for Canadian Smokes Commander Brings Word from Korea

Any story from Korea suggesting that Canadian troops there are oversupplied with cigarettes is "exaggerated."

This was the word that came to the Colonist yesterday from Lt. Col. Jacques Dextraze of the Royal 22nd Regiment after he landed at Vancouver.

The youthful commander of the Van Doos said further: "We get Canadian cigarettes only from our own folks—and now from the Colonist fund. All the boys and I appreciate getting them very much."

Among donations yesterday which raised the fund to \$2,209.57 was a cheque from a Salem, Ore., resident.

## Contributions of \$131.22 Boost Colonist Smoke Fund

A total of \$131.22 was contributed to The Daily Colonist fund for cigarettes for soldiers in Korea from the toy auction held by Maynard & Sons Ltd.

Hundreds of toys sold brought a total of \$2,306. Of this, Maynard's realized \$345.90 in commissions. One quarter was contributed to the fund, or \$86.47. Remainder of the sum came from toys specifically donated for the fund. Total sales, all of which will buy cigarettes, was \$44.75.

The figures were released last night by W. H. Lund, of Maynard's.

## ALL ABOARD

By G. E. Mortimore

Last Sunday I stood by the Island Highway and watched a young forest go by. Birnam Wood was moving to Dunsinane on wheels. One out of three cars wore a shaggy thatch of evergreen.

New Christmas customs develop, and old customs are modified by the machine age. This generation of children may grow up to tell their offspring how much fun it was to ride in a gas-driven automobile.

"Kids had more fun in those days," some old man will quaver in the year 2030. "Nowadays you just drive through the bare countryside in your atomic chariot and buy your synthetic tree at a store."

By then real trees will be obsolete, and no wonder. In observance of the fine old Christmas tree custom, many people seem determined to strip the woods as clean as a plucked turkey. They tramp through forbidden Crown and private lands with their trusty axes, felling three saplings with one blow, throwing them aside because the needles point the wrong way, and felling three more.

Christmas cheer would suffer no damage if they were to cut only by permission, choose the tree they wanted before they cut it, and leave the other trees alone.

If you doubt that fluoridation of water reduces tooth decay, prepare to be convinced.

I have before me a report from the office of Dr. H. K. Brown, chief of the dental health division, department of national health and welfare, on a study of tooth decay in three Ontario towns, Brantford, Sarnia and Stratford.

The department makes no extravagant claims about its survey and advises caution in interpreting results. But the figures speak for themselves.

Sarnia water has no fluorine in it. Stratford water contains 1.3 parts per million of natural fluorine. Since June, 1945, sodium fluoride has been added to the Brantford water supply on the recommendation of Dr. W. L. Hutton, health officer.

There's no room here for all the statistics. A few will do.

From 1948 to 1951, decayed and missing teeth in children six to eight years went down from 1.4 to 0.9. In children nine to 11, "D.M.F." teeth went down from 4.1 to 2.9, and in children 12 to 14, down from 7.7 to 6.1. Brantford, remember, was the town that had artificial fluoridation.

In the same period, Sarnia tooth decay went up from 1.6 to 2.0, from 4.2 to 4.5 and from 7.9 to 8.6. Sarnia was the town with no fluorine.

In Stratford, the town with natural fluorine, the decay figures were low to start with: 0.4, 1.1 and 2.5.

There is more research to be done, but results are clear enough already. Fluoridation produces no detectable ill effects. Let's look at the evidence, and tell the "pure-water" cranks to soak their heads in a bucket of (fluoridated) water.

## Weather Forecast

December 22, 1951  
(Government Forecast)

**TODAY**  
Cloudy with a few showers, mixed and snow. Sunny periods. Little change in temperature. Winds westerly, 20 m.p.h.

Low, Thursday 35

## Careless Driving Brings \$35 Fine

Arthur M. Fraboni, Work Point Barracks, was fined \$35 on a charge of careless driving when he appeared in city police court yesterday.

Magistrate H. C. Hall also suspended his driver's license and a report was made to the motor vehicle department.

Joyce W. Dyer, 3172 Shelbourne, was fined \$1 for driving a car with inadequate brakes.

## Classes Shift To New Site

Elementary school classes at Sidney will change classrooms during the Christmas holidays, the school board announced yesterday.

The new elementary school will be put into use at the start of 1952. The old school will be vacated during the holidays.

The board announced a kindergarten class will be allowed to use an old school room in the new year.

## Much Ado About Nothing

NEWHALL, Calif., Dec. 21 (AP).—A big plane, with smoke and flames trailing from its wing... that's what someone thought he saw today, high above the forbidding Tehachapi Mountains.

Within an hour the word he passed had mushroomed into a full-fledged air-and-ground search for a missing commercial airliner.

The hunt not only failed to turn up a crash, but when it was all over no one seemed even to know who started the rumor.

The supposed location was on rugged, 8,000-foot Frazier Mountain, which towers over the main highway between Los Angeles and Bakersfield. A sheriff's official summed it up: "The maddest wildfire rumor we've ever heard."

## Hotel Staff Gives Party

Empress Hotel staffers and nearly 300 of their children celebrated the arrival of Santa Claus at the Crystal Garden Wednesday evening.

Entertainment for the affair, sponsored by Empress Division 278, consisted of movies and community singing, conducted by Cecil Hallam and George Parker. Master of ceremonies was James Murray, chairman of the entertainment committee.

## Yarrows Party This Afternoon

Annual Christmas party for children of persons employed at Yarrows Ltd. will be held today at the Boilermakers' Hall, Esquimalt Road, starting at 2:30 p.m. The gala affair is sponsored by the Yarrows Athletic Association, and a talent show will be included in the afternoon program. Arrangements have been made by a committee headed by T. Wilson and D. Ryan. Santa, of course, will be there too.

LONDON (CP)—Four pretty dress models will fly to Australia in January to help popularize British styles in preparation for the Australian tour by Princess Elizabeth and the Duke of Edinburgh.

## Even After His Historic Confession Fuchs Sought to Stay On as Scientist

The following article is the title of a series giving the detailed story of how Russia carried out history's most daring, international conspiracy and stole the fire world's atomic secrets.

By BOB CONSIDINE  
(World Copyright 1951 by International News Service)

To the amazement of British authorities, Dr. Klaus Fuchs suddenly decided to make a statement on his activities for the Russians. Although under sus-

pense against the brilliant British scientist who had worked on top secret work in regard to manufacture of the A-bomb.

In a subsequent interview that followed, and in several others, Fuchs proved a bewildering target to the direct-method police. At one point Scardon accused him directly of giving away A-bomb secrets.

Fuchs seemed surprised. "I don't think so," he said.

Many exasperating interviews later Fuchs told Scardon, "I will never be persuaded by you to talk." It was shortly before lunch time and Scardon suggested that he think it over during the repast. After the luncheon Fuchs' attitude changed. He agreed to answer questions because he now had a clear conscience.

His historic confession followed. It began with his "very happy childhood," his pride in the role he played with the Communist youth of Germany, his years of atomic work and betrayal, and his growing doubts about the perfection of Communism.

Fuchs said he was prompted to do what he did because he believed that the western Allies were deliberately allowing Germany and Russia to fight each other to death.

## SPLIT PERSONALITY

He added that he was a case of "controlled schizophrenia." "I used my Marxian philosophy," he expanded, "to conceal my thoughts in two separate compartments. One side was the man I wanted to be. I could be free and easy and happy with other people without fear of disclosing myself because I knew the other compartment would step in if I reached the danger point. I succeeded in the other compartment in establishing myself completely independent of the surrounding forces of society."

His conscience was so clear, he said, that he could see no reason why he could not now be retained at Harwell or be per-

mitted to take a university job which would enable him to carry on his work in atomic energy.

To Prof. Michael Perrin, a fellow scientist, Fuchs gave a detailed report on the information he had given to the Russians. It is a report that has never been released, except in the broadest generalities, because of the fear that he used this device

The F.B.I., which had supplied the British with vital tips leading to Fuchs' arrest, had difficulty arranging to see the prisoner after he was taken to Brixton and given certain prison tasks which provide time for him to continue his scientific studies.

It was not until the following May that agents Hugh Clegg and Robert Lamphere were permitted

to see a prison officer, Clegg and Lamphere, wanted information about Fuchs' American contacts.

Fuchs explained that while in the U.S. he had had only one contact. He knew him only by the name "Raymond." He did not know where he lived or worked, judged him to be between 40 and 45, a chemist, and perhaps a first generation American.

From that meagre story the F.B.I. found Harry Gold!

Next chapter: The roundup.

## M.P.'s Fail to End Fight, Given Five-Day Holiday

OTTAWA, Dec. 21 (CP).—A reluctant House of Commons, stalled in efforts to get an early decision on the government's prices legislation, decided today to take a brief Christmas holiday and come back to work Thursday.

The adjournment became effective at the customary 10 p.m. rising hour, tonight. Debate might have continued until 11 p.m.

For a time, there had been high hopes that the contentious legislation might pass tonight and that parliament could prorogue until the 1952 session, but the Progressive Conservatives mounted a relentless, repetitious debate which made this impossible.

Even as the chamber agreed to meet again next week, Progress-

## Glider Pilot Found Dead In Wreckage

BISHOP, Cal. Dec. 21 (INS).—Karl Ovgard, 38-year-old record-holding Swedish glider pilot, was found dead today in the wreckage of his sailplane.

The discovery, made from the air by Sheriff Charles Cline of Inyo County, ended a widespread search that had been under way since last Tuesday, when Ovgard failed to return from an attempt to set a new sailplane altitude record.

Ovgard's big motorless craft, which was launched from an altitude of 14,000 feet over Bishop last Tuesday, crashed four miles northeast of Independence and a short distance from the Independence airport.

Authorities presumed that the pilot, in distress, was trying to reach the airport when he crashed.

Independence is 40 miles south of Bishop.

Ovgard was holder of the Swedish glider endurance record—21 hours. He was a professor of geography at Sigtuna, Sweden, and had been taking part at Bishop in studies of the Sierra Nevada, an air current which prevails in the Bishop area of the Sierra Nevada.

## Old-Age Plan Becomes Law

OTTAWA, Dec. 21 (CP).—Canada's new old-age security plan for a universal pension of \$40 a month at 70 became law today and payments will begin next month.

The legislation was among 33 measures given Royal assent today. The total included 29 government and public bills and four private bills concerning religious organizations.

Royal assent was given on behalf of the governor general, Viscount Alexander, by Chief Justice Thibault and Rinfret, in the Senate chamber before senators and assembled members of the House of Commons.

Also included in the list of legislation given Royal assent was the government's bill for equalization of freight rates, measures for power and navigation development on the St. Lawrence River, and a bill to provide short-term credit for western farmers faced with financial difficulties through inability to complete harvesting operations.

## Oddities

BILLINGS, Mont., Dec. 21 (AP).—Detective George Cunningham and a colleague braved sub-zero winds and snow today to investigate a report of an attempted service station robbery.

They found a track in the snow—but here it is, right from Cunningham's report:

"We took this track and followed it all around the Graham Lumber Company. The Scoop, The Angle Inn, The Central Grocery and The Hoy Service Court, having considerable trouble keeping on the trail where it crossed streets and went up alleys.

"The track led to several back doors of residences as if the burglar were casing the places. The track finally led west up an alley, and we caught up with the man in the alley between Sixth Street West and Seventh Street West.

"It was the water meter man."

## Mountain Found In Ocean

NEW YORK, Dec. 21 (INS).—Columbia University announced tonight that its geologists have discovered an underwater mountain off the coast of Maine larger than any land peak in the Atlantic coast states.

The geologists, Professors John L. Worzel and Frank Press of the university's Lamont Geological Observatory at Palisades, N.Y., found the "sea mount" during a six-week expedition in the north Atlantic last summer.

Besides finding the underwater promontory, which was over a mile high and five miles long, the Columbia research team also explored an underwater canyon "approaching the size of Grand Canyon."

The underwater mountain was dubbed "Mount Atlantis."

Columbia said the geologists also extended their work on the basement rock structure of the continental shelf which lies off the eastern coast of North America.

A major activity of the expedition was the collection of forty-foot long "core" samples of the ocean bottom.

## Man Jailed in Britain Says Was Red Agent

COLCHESTER, England, Dec. 21 (Reuters).—A man claiming to be Canadian-born, who says he recently worked for the Russian secret police, was imprisoned for three months here today for entering Britain without a passport.

Stanley Oakman, 27, said he wanted to get back to Canada. He didn't say where in Canada. The magistrate recommended deportation, but police could not establish where Oakman's true homeland is.

Oakman said he had left a secret police job in Russia after getting into trouble with the police commander. He worked his way across Poland and Germany to Denmark where he boarded the steamer that brought him to England.

But more than that, Oakman was not saying, "You police are paid to find out things like that."

## Storm Blocks Coast Guard Bid To Search Still-Burning Erria

ASTORIA, Ore., Dec. 21 (CP).—An ocean storm today forced the United States coast guard to abandon an attempt to control the fire aboard the ship Erria, its plates still glowing cherry red from a blaze that left five Canadians and six other persons missing.

The coast guard had begun cutting holes through the side of the Danish cargo-passenger ship in an attempt to look for the bodies of the missing.

High waves swept into the wide mouth of the Columbia River and forced lifeboats and tugs to pull away from the liner, which caught fire Thursday with 114 persons aboard.

The coast guard planned to pump through the holes carbon dioxide to put out the flames that forced 23 passengers and 80 crew members to flee.

The 11 who didn't make it were believed trapped amidships by fumes and flames that broke out as the ship waited at anchor for clear weather to cross the harbor bar.

Cmdr. Quentin Greeley, captain of the port, said there appeared no possibility an attempt will be made to put out the fire until tomorrow.

Coastguardsmen said the Erria was burning so fiercely there was no chance to board the ship.

The fire was expected to prove stubborn, since part of the burning cargo is wheat.

## U.S. Test Pilot Killed As U.K. Plane Explodes

CENTRALVILLE, Md., Dec. 21 (AP).—Two United States air force pilots dived the tail off a British Canberra jet bomber today and one was killed when it exploded in the air.

Major Harry M. Lester of Baltimore, piloting the sleek Canberra which flew the Atlantic in record time this year.

James E. Sward, who drove Major Lester to a hospital, said the pilot told him the plane's tail assembly came off in a test dive.

Lester said he turned to his companion and yelled for him to jump.

The plane was one of two Canberras in the United States stationed at the Glenn L. Martin Company near Baltimore, where an American modification will be built for the U.S. air force.

The plane was one of the two

TOKYO, Dec. 21 (INS).—The Canadian public information office reported Friday that two cabinet ministers—Defense Minister Brooke Claxton and Veterans' Affairs Minister Hughes LaPointe—will visit members of the Canadian armed forces serving in the Korean theatre in the near future.

The ministers and their party will take off from Rockcliffe aboard the same aircraft used to transport Princess Elizabeth and Prince Philip during their recent visit to Canada.

The party will visit the 25th Canadian Infantry Brigade in Korea, Royal Canadian Navy destroyers operating in Korean waters, and the 426th Squadron, the R.C.A.F. squadron flying the Pacific airlift. The Commonwealth hospital at Kure, at which Canadian wounded are treated, and various United Nations headquarters will be included on the itinerary.

## Navy Cites Four City Men For War Service in Korea

Four Victoria navy men are included in the Royal Canadian Navy's list of eight to receive major decorations for service in the Korean war theatre.

The awards, announced yesterday by Naval Headquarters, include one Distinguished Service Order, two Distinguished Service Crosses, two British Empire

Medals and three Mentions in Dispatches.

They are: Capt. Jeffrey V. Brock, D.S.O.; Cmdr. Robert P. Welland, a bar to the D.S.C.; Chief Petty Officer Douglas J. Pearson, the British Empire Medal; and Cmdr. Paul D. Taylor, who heads the names of those mentioned in Dispatches.

Others, and their awards: Lieut. Andrew L. Collier, Salmon Arm, D.S.C.; Petty Officer Thomas Shields, Calgary, British Empire Medal; and Commissioned Gunner David W. Hurl, of Winnipeg, and Leading Seaman William J. Roberts, both mentioned in Dispatches.

Only previous awards to R.C.N.

personnel for service in Korea were three Mentions in Dispatches, which went to Capt. Brock, Cmdr. Welland and to Commissioned Engineer E. V. Dear of Victoria. These were announced last summer.

Capt. Brock, 38-year-old commander of H.M.C.S. Cayuga during the war, was cited for his "high degree of leadership, devotion to

ability to lead and has displayed much courage and initiative."

CPO. Pearson is 34. He served in the Cayuga during her first operational assignment to the Far East and now is at H.M.C.S. Naden at Esquimalt.

He was cited for his "high degree of leadership, devotion to

ing out his duties cheerfully and in a manner which has inspired confidence and co-operation of all his subordinates."

Cmdr. Taylor, 41, commander of H.M.C.S. Sioux, completing his second tour of duty in Korea, was commended for his "level-headedness and patience in long patrols."

Cmdr. Welland, 33, was also mentioned in dispatches last summer for his exploits while commanding H.M.C.S. Athabaskan during that destroyer's first operational period in the Far East. He is serving as officer-in-charge of the junior officers' technical and leadership course at H.M.C.S. Stadacona, Halifax.

The citation accompanying his D.S.C. said:

"Cmdr. Welland commanded H.M.C.S. Athabaskan with dash and skill since the early stages of the war. He carried out long periods of patrol and harassed the enemy by bombardments of batteries, landing R.O.K. marines and dealing with enemy mine-laying."

"Throughout the war Cmdr. Welland has shown a very fine

## Evangelist Clem Davies Dies in U.S.

Dr. Clem Davies, 61, former Victorian and an internationally known evangelist, died yesterday at his Los Angeles home.

Death was attributed to malaria contracted in Africa years ago.

A native of Birmingham, England, Dr. Davies came to the

CLEM DAVIES

United States when he was 19. He received his doctor of divinity degree from Oskaloosa College, Iowa.

He began preaching in Victoria about 1924. He set up CPCT, one of the first broadcasting stations in Western Canada. The station is now CJVL. For 16 years he remained in Victoria, preaching first in the Centennial Church and later at the City Temple ministry.

Later he went to Vancouver and in 1940 to the Shrine Temple in Los Angeles. In recent years, his triple services drew audiences totaling 12,000 a Sunday.

Dr. Davies had few kind words for politicians. On one visit to Victoria in 1949 he remarked, "Canadians are the finest people in the world, but they've got the loudest politicians."

During 30 years of radio preaching Dr. Davies claimed to have broadcast 15,000 sermons. He also toured the United States and many other countries, preaching prophecy.

Four years ago the evangelist was the sponsor of a 34-state tour of Avak Hagopian, an Armenian faith healer who was brought to the U.S. by a wealthy financier in an unsuccessful attempt to get his son cured of epilepsy.

Surviving Dr. Davies are a son, Clement, Los Angeles; a daughter, Mrs. Dorothy Blaney, Vancouver; two brothers, Frank, Los Angeles, and Robert, Salt Lake City; and a sister, Mrs. Agnes Bufton, Denver.

## Store Bandits Still Objects Of Police Hunt

City police are continuing their hunt for the two men who held up the Fountain Confectionery at Hillside and Douglas on Wednesday night.

Both sea and air travel from the city are being carefully checked by police who believe the men are still hiding out in Victoria.

Police Chief John Blackstock yesterday morning said he believed the men have "gone underground" and are hiding out until the publicity given the robbery dies down.

# Gate Take Boost Welcome Tidings To Soccer Brass

League president Jack Hendry, gave Coast Soccer League directors and club executives a welcome Christmas greeting at the C.S.L.'s annual Christmas dinner at Vancouver Thursday night.

Hendry's greeting was in the form of an announcement that the six "A" division clubs have made more money in the first half of this season than last year's five teams made over the entire season.

Hendry announced that gate receipts to date total \$12,813.05 with the clubs receiving \$3,814.12, an average of \$127 per game for the 30-game schedule. On a 34-game basis last year, the clubs averaged only \$96 per game.

One of the highlights of the report on the revival of the league's popularity was the mention of the Victoria situation. It was reported that United ended up with a \$1,700 deficit last season but has shown a profit over operating expenses for every game this year.

The New Westminster gate situation, although improved over a year ago, was still viewed with apprehension and Royals were asked to guarantee a \$50 minimum gate for each of their five second half home games.

## Hockey Scores

**P.C.H.L.** Seattle 4, Victoria 3. **NANAIMO JUNIORS** Nanaimo 1, Kerrisdale 3. **WESTERN CANADA JUNIOR** Regina 6, Calgary 2. **MANITOBA JUNIORS** Winnipeg, Monarch 3, St. Boniface 2. **MARITIME MAJOR** Saint John 8, Sydney 5. **ONTARIO SENIOR A** Hamilton 1, Stratford 3. **ONTARIO JUNIOR A** Oshawa 3, Guelph 8. **EASTERN CANADA SENIOR** Brantford 2, Cornwall 4. **NORTHERN ONTARIO SENIOR** North Bay 1, Sudbury 9. **SASKATCHEWAN BIG FIVE SENIOR** Regina 2, Melville 8.

Catcher Mickey Owen was unconditionally released by Chicago Cubs yesterday.

## IT BEATS ME

By Jim Tang

As the P.C.H.L. season nears the half-way point outstandingly obvious are the conclusions that New Westminster Royals are once again the team to beat and that Murphy Chamberlain, so far at least, hasn't done too well at Vancouver with "my kind of team."

A lot of credit must go to Ken MacKenzie, who has a lengthy hockey history. Operating in a town where a winning club is an absolute must, the canny Scot always manages to come up with a solid club by the simple expedient of assembling a team before the season starts. MacKenzie is a good judge of hockey talent and isn't afraid to take a chance. He paid a lot of money for Gordie Fashoway and gambled on Gyle Fielder with another respectable chunk of cash. A look at the scoring summaries proves that his judgment was sound and he is now reaping his dividends.

Vancouver Canucks, 12 games below .500, are again in desperate circumstances after a promising spurge coincident with the arrival of Hugh Currie and Lorne Davis. Currie's injury was a grievous blow and the loss of Davis seems to have taken the rest of the starch out of the club. So, while the Canucks still haven't their promised player from Buffalo, they struck a blow for themselves by being mainly responsible for Davis' recall.

Results at Saskatoon and Seattle are a bit surprising. Not rated too highly in pre-season talk, the Quakers are the most professional-looking club in the league and they have played the soundest hockey. The schedule and improvement by other clubs may catch up with them but they won't beat themselves too often. It's a bit different at Seattle, where Tony Hemmerling has a lot of "names" which, on past performances, looked good enough to take it all. But the Ironmen have been a hit-and-miss proposition so far and have never acquired the consistently good form expected. They are still a real threat, however.

Edmonton has been a bit of a disappointment, but the Flyers may have been over-rated. Calgary's Veterans, while not as good as their last two games might indicate, will be tougher from here in. That may also be the case at Tacoma, where Muzz Patrick has kept a young, new club at .500. The hardest club to guess is Victoria. The Cougars could finish anywhere and looked far worse at this time last season, when they went on to cop everything. The chances are there will be play-off hockey here next spring but the second half of the schedule promises to be interesting indeed.

### Random Harvest

Victoria United picked up a valuable new player this week when Bernie Clarkson transferred from Wests to the Coast Soccer League club. Clarkson, who will doubtless get a chance on a wing, should add a lot of bustle and his acquisition gives United 14 signed players, alleviating for the moment at least, the problem of spares.

Edmonton staged a "Booster Night" for junior hockey last Saturday and 5,500 fans turned out despite cold weather to see the home-town Oil Kings lose to Moose Jaw.

Dick Barrett has drawn his release from Yakima and the chances that he will be in the W.I.L. next season are slim mainly because clubs are no longer able to pay huge salaries for veteran pitchers who can't take a regular turn.

If the A's were still in business, business-manager Reg Patterson would be doing his level best to make a trade for Dick Greco with Jim Probst and Gene Thompson as possible bait. Greco flew to Puerto Rico this week to join Mayaguez in the winter league there. With Greco and Allan Lawrence, new third-baseman, the Victoria club could have a real one-two punch.

Archie McKinnon will be spending the holiday season with a daughter in California but won't be able to say much about Victoria weather.

Ducky Pries, hustling third-baseman of the 1951 A's, is playing winter baseball in the San Francisco area and was leading his league in hitting at latest reports with the rather awesome average of .379.

An oddity about the recent baseball draft is worth repeating. Dayton of the Class "A" Central League drafted Jose Bache, Tacoma shortstop but the W.I.L. will be a Class "A" League next season while the Central will probably become Class "C". One wonders where that will leave Bache.

Baseball prices have been increased in Cleveland to meet "rising costs". Box seats will cost an additional 25 cents, reserved seats go up 15 cents and general admission five cents.

Reg Abbott is doing well with his new linemates and appears to be skating faster.

**GUESSING DEPARTMENT:** New Westminster, Tacoma and Saskatoon in the P.C.H.L. Montreal and Toronto in the N.H.L. and Victoria Wests over Alton in today's district soccer. Batting average to date: At bat 493, hits 342, percentage .708.

## Ice Maiden Meets Hockey Players

It was case of mutual admiration when coach Roger Leger and Eddie Dorohoy of Victoria Cougars met little Maralee Rutley of Victoria Figure Skating Club at Memorial Arena last night. Maralee led float, drawn by junior members of V.F.S.C., across ice before hockey game between Cougars and Seattle Ironmen. Float bore Santa Claus around lighted Christmas tree in centre of ice. (Colonist photo by Jim Ryan.)

## Speaking Briefly

Mike Ryba will continue as a coach with the St. Louis Cardinals next season.

Austrian ski ace Engel Haider has formally withdrawn from the Austrian Olympic team following attacks on his war record in the Norwegian Press.

Tenley Albright, a 16-year-old Massachusetts girl, took top honors yesterday in the Olympic school figure skating competition at Indianapolis.

European baseball players hope to compete in the future against American teams, Luis Barrio, president of the Baseball Federation of Spain said yesterday.

Australia won the toss and batted first in the third test match against the West Indies opened at Adelaide yesterday. Australia has won the first two matches.

More than 1,500 cross-country runners, including Curt Stone of Philadelphia, will compete at Rio De Janeiro Dec. 31 in the 27th annual "St. Sylvester" race.

Cornie Mack, who will be 89 today, yesterday said his only regret is that the 1931 baseball season was not long enough for his Philadelphia Athletics to overthrow the New York Yankees.

## Minor Hockey

Two games are scheduled in the Lower Island Junior and Juvenile Football Association today.

Eagles and James Bay Merchants will tangle in a division III game at Bullen Park while Mike Mac's and Combine Pee Wees play a division IV contest at Lower Beacon Hill.

Both games will start at 1 p.m.

## Underdog Dan Bucceroni Upsets Rollie La Starza

NEW YORK, Dec. 21 (AP).—Dan Bucceroni, lanky 3-to-1 underdog from Philadelphia, tonight scored a big upset by winning a unanimous decision over highly-ranked Roland La Starza of New York in a heavyweight 10-round fight.

## Woman Coach Draws Pupils From Europe

LA JOLLA, Calif., Dec. 21 (AP).—Eleanor Tennant's ability as a tennis coach is receiving foreign recognition.

The veteran tennis coach, who gives private instruction between her regular classes at the Bishop's School for Girls, has received a lot of attention since the explosive climb this year to the U.S. women's championship by teenage Maureen Connolly.

At present Pat Ward and Helen Fletcher, two of the younger British Wightman Cup players, are improving their game under Miss Tennant's tutelage, while two young Italian stars, Merlo and Gordini, are on their way to La Jolla for tennis lessons. The Italians are listed as potential Davis Cup prospects.

Alice Marble, the former court queen, is soon to lend her talent and experience to the La Jolla scene. She will assist Miss Tennant in preparing Miss Connolly for the 1952 tennis campaigns.

## Sports Editors Successful Coaches

VANCOUVER, Dec. 21 (CP).—Three Vancouver sports editors tonight coached Kerrisdale Monarchs to a 3-1 Pacific Coast Senior Amateur Hockey League victory over Nanaimo Clippers.

The Monarchs scored once in each period. Keith Matthews, sports editor of the News-Herald, coached them in the first

## Five Dimes Take Honors In First Half

Joe Bell took the point-scoring lead away from Ollie Dorohoy by slipping a screened shot along the ice past Jim Shirley to give Seattle a first-period lead against the Irons.

It became 2-0 early in the second period when Bill Richardson beat Leon Bouchard.

Knowing he needed a knock-out to win, La Starza showed more fire in the eighth, ninth and 10th, but was unable to deck the overgrown light-heavy from Philadelphia.

It was the second loss for the 24-year-old La Starza in 49 pro fights. Rocky Marciano, unbeaten Brooklyn, Mass., contender, was the only one to beat him before tonight.

La Starza, slugging and showing the effects of a long layoff, started strong in the first when he wobbled Bucceroni with a right hand. Hurt in the second, he was content to box at long range through the seventh round while Dangerous Dan built up his decisive edge.

Although he spun Bucceroni with a right in the eighth and drove home a stiff right in the 10th, it was too little and too late. Both judges, Joe Agnello and Art Adala, saw it 6-4 and referee Al Berle saw it 6-3. The Associated Press card was 6-4 in favor of Bucceroni.

# Cats Come From Behind Twice to Gain 4-4 Tie

Team	GP	W	L	T	P	A	Pts
N. Westminster	21	16	4	1	0	10	32
Seattle	21	16	3	1	0	10	32
Saskatoon	21	15	5	3	1	12	31
Yarmou	21	15	5	1	0	11	30
VICTORIA	21	13	8	3	0	14	29
Edmonton	21	12	8	1	0	14	24
Vancouver	21	12	8	1	0	14	24
Calgary	21	10	10	2	0	13	22
Next games, tonight: Victoria at New Westminster, Vancouver at Tacoma; Saskatoon at Calgary.							

larrison beat Leon Bouchard to the puck behind the Victoria goal and passed out for Walt Samanish, who scored with a quick slap shot.

Bowness tied it up with identical goals about seven minutes apart, deflecting in passes while stationed in front of the Seattle goal and apparently well looked after each time.

A penalty to Ernie Roche enabled Stan Maxwell to put the Ironmen ahead again and Nick Tumuk made it 4-2 just after the five-minute mark to set the stage for the Cougars' fine comeback.

Strongman got his second goal of the season on a play set up by Dorohoy and Leger tied it up, finishing off a play he started by scoring from the edge of the crease.

Heberton failed to get a point, breaking his 11-game streak, but Dorohoy's assist kept him three points from the top.

Cougars play at New Westminster tonight and then get a schedule break with the next five games at home. They meet Vancouver Canucks on Boxing Day afternoon, take on Saskatoon next Friday, tangle with Tacoma Rockets on New Year's afternoon, and get Edmonton the following Friday. A week's lay-off is next with Seattle back again on Jan. 1.

# Flyers Edge Quakers, 5-4 To Split Spot With Cats

Edmonton Flyers moved into a fifth-place deadlock with Victoria Cougars in the Pacific Coast Hockey League by edging the third-place Saskatoon Quakers, 5-3, before a slim crowd of 2,500 fans at Edmonton last night.

It was Edmonton's fourth win over the Quakers, who have lost only three games to the other clubs. Quakers could only manage two wins and four ties in the first 10 meetings with the Flyers.

Two of the Saskatoon goals were scored with the Quakers holding a man advantage, while one Edmonton goal came with both clubs short.

Frank Kubasek paced the Flyers with two goals and an assist but Alex Kaleta of Quakers took scoring honors with two goals and as many assists. Playing coach Frank Edols of Quakers had three assists.

Edmonton's goalkeeping was superb, with a man advantage, while one Edmonton goal came with both clubs short.

Heberton failed to get a point, breaking his 11-game streak, but Dorohoy's assist kept him three points from the top.

Cougars play at New Westminster tonight and then get a schedule break with the next five games at home. They meet Vancouver Canucks on Boxing Day afternoon, take on Saskatoon next Friday, tangle with Tacoma Rockets on New Year's afternoon, and get Edmonton the following Friday. A week's lay-off is next with Seattle back again on Jan. 1.

## Ontario Changes Claiming Rules

TORONTO, Dec. 21 (CP).—The Ontario Racing Commission has announced two changes in clauses governing claiming races run on the province's eight tracks.

First change governed horses which won for \$1,250 and were later raised to a higher claiming price with defeat, counting against them. By the new regulation, starts will not be registered against the horse until it has dropped back to the original claiming tag of \$1,250.

The other change eliminates the rule which barred horses from starting if they did not win before Sept. 15, 1950, for \$2,000 and \$3,000. As long as a horse won a race for that price during 1951, it will be permitted to start next year.

## Trophy Donated For Steelhead

LADYSMITH, Dec. 21. — A stimulus to steelhead fishing in this district should result from the gift of a trophy to the Fish and Game Protective Association, by Dr. J. W. Neville, of this city for the heaviest steelhead caught during the coming season.

The trophy will be presented at the annual presentation banquet next year, officials have announced. Rules similar to those in effect for trout will apply. Fish must be taken in Vancouver Island waters and weighed at any recognized butcher shop in Ladysmith.

Dr. Neville is an ardent sportsman and hunter of big game.

larrison beat Leon Bouchard to the puck behind the Victoria goal and passed out for Walt Samanish, who scored with a quick slap shot.

Bowness tied it up with identical goals about seven minutes apart, deflecting in passes while stationed in front of the Seattle goal and apparently well looked after each time.

A penalty to Ernie Roche enabled Stan Maxwell to put the Ironmen ahead again and Nick Tumuk made it 4-2 just after the five-minute mark to set the stage for the Cougars' fine comeback.

## City High School Junior Rugby Champs

Another title which Oak Bay High School has captured this year was Greater Victoria Inter-High School junior rugby championship. Bays finished schedule without being scored against. Members of team shown above are, left to right: front row—Phil Willis, Brian McCreadie, Ross Young, Peter Sharp, Jim Stothard (captain), Murray McLaughlin, Jim Lister, Peter Borden, Ralph Phillips; back row—Chris Hopkins, John Craddock, Don Napier, Colin Creighton, C. E. Holland (coach), Merlin Hawes, Mac Unwin, Mike Partridge, Chris Pollard and Bob Showers. Ken Adshad was absent when photo was taken. (Colonist photo by Bud Kinsman.)

## Seven Crusaders Named To McKechnie Cup Squad

Six members of the league-leading Crusaders have been named on the 17-man team, which will represent Victoria in the coming McKechnie Cup rugby series.

J.B.A. has placed five players on the team chosen by coach Sid Gault, manager Campbell Forbes and assistant coach and captain

legue has four representatives and Oak Bay Wanderers two.

Ten of the players have seen previous action in the annual competition while three of the remaining seven are playing their first year in senior rugby. The oldest player is Art Hicks, 30, while the youngest is George

## Rain Cancels Sons, Legion Soccer Game

The Victoria and District Football Association game between Duncan Native Sons and Legion scheduled at Royal Athletic Park today has been postponed.

W. H. Warren, park's superintendent, announced last night that the grounds were unplayable because of the continuous rain.

Don Gray, association secretary, stated that the game will be played at the same grounds next Saturday.

The other game scheduled today between Victoria West and Alos at Lower Beacon Hill will still be played, weather permitting.

Tomorrow Victoria City and Jeannette will meet at Lower Beacon Hill. Both games will start at 2:30 p.m.

## Remember When ..

Reginald (Red) Horner, turned professional with Toronto Maple Leafs of the N.H.L. 25 years ago tonight, immediately taking the ice for his third game in two days including amateur contests.

Horner, one of the hockey's most bruising defensemen, spent 12 seasons with Leafs.

In the regular season of 1935-36 he set an N.H.L. penalty record with 167 minutes in the box.

## Charlie Burr Attains Fame With 300th Win

MIAMI, Fla., Dec. 21 (INS).—Jockey Charlie Burr today became the seventh rider in the history of the American turf to mount 300 winners in one year by booting home a victory in the eighth race at Miami's Tropical Park.

Burr went to the post six times today but was not able to crack the select 300 circle until his last outing—astride Four No Trumps, a three-year-old chestnut filly. Four No Trumps paid \$30 to win, coming from behind in a tight finish.

The modest little 17-year-old horseman now stands in the same class with jockeys Walter Miller, Vincent Powers, Jackie Westrope, Johnny Longden, Willie Shoemaker and Joe Colomano.

Burr's crowning victory came as his parents announced his engagement to Jean Reese, 17-year-old daughter of Mr. and Mrs. James Reese of Temple, Okla. They plan to be married in 1953.

Burr's crowning victory came as his parents announced his engagement to Jean Reese, 17-year-old daughter of Mr. and Mrs. James Reese of Temple, Okla. They plan to be married in 1953.

## U.K. Daily Double

### Pays Trio \$1,887

LONDON, Dec. 21 (AP).—The daily double at Hurst Park race track today paid off at odds of 1.348 to 1. Three 10-shilling (\$1.40) tickets were sold on the winning combination of Pearly Prince and Clay Pit. Each winner collected a Christmas present of \$1,887.20.

The record double in English betting paid odds of 38.892 to 1 when Near Relation won the Cesarewitch Handicap and Commander

III won the Cambridgeshire at Newmarket in 1935.

## Actor Rushed To Hospital

TACOMA, Wash., Dec. 21 (AP).—Actor Vincent Price was under hospital care today with what his physician described as a "potentially dangerous" perforation of a duodenal ulcer.

Culbertson on Bridge

Most players have learned to go slowly in the first rounds of bidding, to collect all the information possible, but they are still apt to "get excited" at a later stage and start leaping like gazelles. Observe North's precipitate plunge in the following case:

South, dealer.  
North-South vulnerable.

NORTH		EAST	
♠ K Q 10 9	♠ J 4 3 2	♠ A 7 5	♠ J 4 3 2
♥ A	♥ Q 9 3	♥ 10 8 6 5 4 2	♥ Q 9 3
♦ A K J 10 5 2	♦ Q 9 7 3	♦ 10 5 3	♦ 8 7
SOUTH		WEST	
♠ 8 6	♠ A 7 5	♠ 10 8 6 5 4 2	♠ J 4 3 2
♥ K J 7	♥ A	♥ 10 5 3	♥ Q 9 3
♦ 8 6	♦ A K J 10 5 2	♦ 10 5 3	♦ 8 7
♣ A K Q J 9 8 6	♣ 8 6	♣ 10 5 3	♣ 8 7

The bidding:  
South West North East  
1 ♠ Pass 2 ♠ Pass  
3 ♠ Pass 3 ♠ Pass  
3 N.T. Pass 6 N.T. Pass  
Pass Pass

To be fair to North, South should have brought home six no-trump, but if South had been permitted to land at six clubs, he scarcely could have found a way of going down.

North's jump to two diamonds on the first round was quite in order, as was his following bid of

The Daily Cross-Word Puzzle

spades, but when South then bid three no-trump, North became too impatient. The proper, logical move over three no-trump was the marking-time call of four diamonds. South could not pass the original two-diamond response had been forcing to game, at least and by bidding this four diamonds and staying under game for the moment, North would achieve two ends: he would give a more rounded description of his own hand-pattern, and would simultaneously afford South the chance to describe his distribution more graphically. Given that chance, South, if alert to his opportunity, would jump to six clubs. The mere fact that North had gone past the no-trump level would be significant, and, in connection with his other calls, would give South ample justification for this jump. North, in turn, should accept six clubs as the final contract.

At the actual six no-trump contract, South made the mistake of taking the diamond finesse. When it lost, a spade was returned by the astute East player. The proper play for six no-trump was to lead spades toward dummy. This plan would succeed if either the ace or the jack of spades was on side—assuming, of course, that South didn't guess badly if West ducked.

Uncle Wiggly Story

Uncle Wiggly wanted to know. Just then the noise sounded again: "Bang! Bung! Bung!" "I am not making any noise," said the muskrat lady house-keeper.

"Did you hear a noise?" Uncle Wiggly wanted to know.

"Yes, I heard it," replied Nurse Jane. "I thought it was you sneezing—or something."

"Once more the noise was heard: "BANG! BUNG! BING!" "I never sneeze that way," said Uncle Wiggly.

"Excuse me for thinking it was your sneeze," said Nurse Jane. "I know what it is now—that noise."

"What is it?" Mr. Longears asked.

"It is someone down in the kitchen rattling a tin pan," said Nurse Jane. "Listen."

By this time Uncle Wiggly had put on his bathrobe and was out in the hall with his flashlight. Nurse Jane, wearing her slippers and bathrobe, was also out in the hall.

Uncle Wiggly Story

POKIE OAKIE. Uncle Wiggly sat up in his bed in the hollow stump bungalow one night. It was the middle of the night and it was quite dark except for the light out in the hall.

A strange noise had awakened the rabbit gentleman. It was a noise as if someone was banging and rattling a tin pan. Then, as Mr. Longears sat on the edge of his bed, shuffling his paws around on the floor to find his slippers, suddenly the noise sounded again:

"Bang! Bung! BING!"

Having found his slippers, Uncle Wiggly reached over on his bedside table and picked up his flashlight.

"Is that you, Nurse Jane?" asked the bunny uncle as he switched on his flashlight. "Is that you?"

"Is that me what?" inquired Miss Fuzzy Wuzzy. She was in her room across the hall from Uncle Wiggly's room.

"Is that you making such a rattling, banging, clattering noise in the middle of the night?"

Uncle Wiggly Story

"Listen!" she whispered. "I'm listening," said Uncle Wiggly in a low voice.

A moment later the noise sounded again: "CLATTER! BATTER! SCATTER!"

"That's a tin-pan noise all right," said the rabbit gentleman. "And it sounds like it's coming from the kitchen. Do you think, Nurse Jane, that any of my rabbit children are down in the kitchen rattling a tin pan?"

"I could not say for sure, Mr. Longears," replied Miss Fuzzy Wuzzy. "You have so many rabbit children that it would take some time to make sure they were all in bed and none of them in the kitchen. But someone is down in the kitchen making a racket with a tin pan. I will go down and see who it is."

"Do you think it will be safe?" Nurse Jane inquired. "Perhaps you had better telephone for Chief the police dog."

"That will take too long," said Mr. Longears. "I will go down to the kitchen myself and see about this tin-pan noise. If you hear me call for help, you can tele-

phone for Chief on the 'phone up here."

"You are a brave rabbit gentleman," said Nurse Jane as Uncle Wiggly started down the stairs. "I will try to be," said Uncle Wiggly as bravely as he could. He twinkled his pink nose and waved his flashlight. Nurse Jane heard Mr. Longears walk into the kitchen. Once more the noise sounded:

"BINGITY! BANGITY! BUNGITY!" Then Uncle Wiggly shouted:

"Who are you?" Nurse Jane heard a voice reply:

"I am Pokie Oakie!"

"Who was Pokie Oakie? I will tell you tomorrow!" If the water pistol will make a shower bath for the canary bird before it goes to visit the sardine fish in its tin-can house. And will you please ask the telephone to sing a bedtime story for the television?

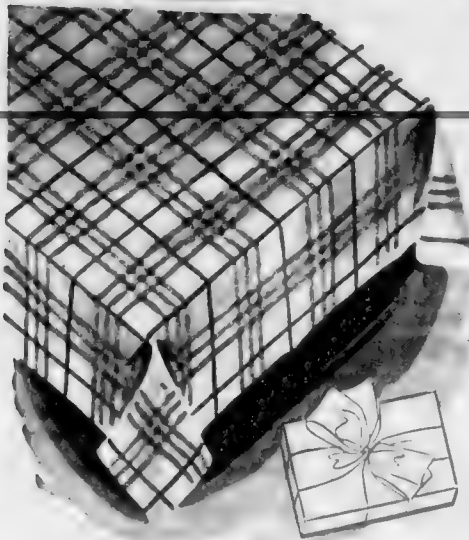

(Released by The Bell Syndicate, Inc.)

La Fuerza in Havana, Cuba, built by Hernando de Soto in 1519, is reputed to be the oldest military fortress in the New World.

## Christmas Travel Starts in Earnest

The Christmas travel rush began officially last night, when the first of the many reported delays in the beginning of an era of holiday travel, most of which already had been booked. Some reservations for Christmas travel were placed in September, it was reported.

Vancouver Island Coast Lines will place two boats on each of the four routes tomorrow, Sunday, and Monday, and continue operations. Thursday, if sufficient crews are available.

## Fire Razes Lodge At Bamfield

PORT ALBERNI: The fire which razed the lodge at Bamfield, B.C., was reported to have destroyed the building in less than an hour. The fire broke out in the kitchen and spread to the main hall. The cause of the fire is not yet known.

The loss is estimated at \$20,000. The lodge was built in 1948 and was one of the best in the area. It was owned by the Bamfield Hotel Co. and was used for tourists. The fire was caused by a gas stove which had been left on for a long time.

### Landlubber Fish Likely to Drown

THERE'S a place in the world where fish drown if kept under water. This fact and many others about the unique "landlubber" fish are disclosed in the new book, "Where in the World," in the classified section today.

## Cabinet Fails to Settle Fate of Debenture Issue

Fate of Victoria's \$421,000 debenture issue is still in the air following a meeting of the provincial cabinet yesterday. The cabinet is considering an application from the city to raise the interest rate on the bonds from 3.5 to 4 per cent in order to secure the city's \$421,000 spread over the 15-year life of the bonds.

No decision was reached by the cabinet yesterday. The city is asking for a 1 per cent increase in the interest rate on the bonds. The city is also asking for a 1 per cent increase in the interest rate on the bonds.

## Young Indians In Duncan Given Remand

DUNCAN, Dec. 21.—Two young Indians charged with robbing a store in Duncan, B.C., were given a remand in court yesterday. The two young men, who are from the same area, were charged with robbing a store in Duncan. They were given a remand in court yesterday.

The CRC deficit for 1950-51 was \$1,271,874; for 1949-50 the deficit was \$213,746.

## Chamber Split on Price Law Resolution

Federal legislation which would prohibit man-made goods from being sold at a profit is the subject of a debate in the House of Commons today.

That debate could be more heated than that which took place at yesterday's meeting of the Chamber of Commerce directors when the issue was introduced by G. A. Henderson, chairman of the chamber's merchants group.

He introduced a resolution asking the directors to strongly oppose the bill, and to urge Hon. R. W. Mackenzie, minister of commerce and member of parliament for Victoria, to "vote against the bill or otherwise resist its enactment by whatever means within his power, and to request Vancouver Board of Trade to consider taking similar action in opposition to the proposed legislation."

After a lively discussion, in which directors were definitely in the majority, they are making

## Church Services

### Lutheran

#### GRACE LUTHERAN

Charles Danton's Christmas cantata "Immanuel" will be presented by the choir at the Grace Lutheran Church at the 11 a.m. service.

For the topic of the 7:30 p.m. service, Rev. Ernst H. Nygaard has chosen "The Song That Never Dies."

**Christmas Eve:** There will be a Christmas party for the newcomers and a candlelight service at 11 p.m.

**Christmas Day:** There will be a service at 11 a.m. at which the speaker will be the Rev. Ernst H. Nygaard. For the theme of his sermon he has chosen the subject "He Is Born."

#### HOPE LUTHERAN

The sermon at the 11 a.m. service will be based on Malachi 3:3-6. For his sermon the Rev. L. H. Gierach has chosen the topic "Our Redeemer's Coming in the Future." Sunday school meets at 10 a.m.

**Christmas Eve:** A children's Christmas service will be held at 7:30 p.m.

**Christmas Day:** Regular Christmas service will be conducted at 11 a.m. by the Rev. L. H. Gierach.

### Other Denominations

#### CHRISTIAN SCIENCE

That the universe is one of harmony and order indicates that its origin is Mind. This subject will be touched upon in the lesson-sermon entitled "Is the Universe, Including Man, Evolved by Atomic Force?" This will be read in all Churches of Christ, Scientist, on Sunday.

#### VICTORIA TRUTH CENTRE

The Rev. Emma M. Smiley will speak at both the morning and evening services. In the morning her subject will be "A Mystical Journey to Bethlehem," and in the evening she will speak on "The Spirit of Christmas."

### Presbyterian

#### ST. ANDREW'S

The minister, Rev. J. I. McLean, will conduct a special Christmas service on Sunday. The sacrament of infant baptism will be observed at the morning worship, when the sermon subject will be "The Influence of the Child." There will be carols and hymns and congregational singing at 7 p.m. Subject of the evening sermon is "Christmas Symbols." Senior Sunday school meets at 9:45 a.m. and the beginners and primary at 11 a.m. during morning worship.

## Corporal Smith Plans to Retire From R.C.M.P.

Corporal P. B. Smith, Sidney detachment of the Royal Canadian Mounted Police, will retire from the force at the end of this year.

Cpl. Smith has 28 years' service with the police. He announced that he plans to become security officer at the Elk Falls Co. pulp mill now being constructed at Campbell River.

He will move to the up-Island centre early in the new year. His successor in Sidney has not been named.

## Christmas Early For Shut-Ins

More than 100 city youngsters will think it's Christmas two days early when they receive more than \$4,000 worth of presents tomorrow.

The windfall is the result of CKDA's Ed Farley's desire to help out unfortunate kiddies. He started his now-famous fund last year, when \$3,200 was contributed.

Receiving gifts will be children at the Queen Alexandra, Solarium, Protestant Orphanage, and the Royal Jubilee and St. Joseph's Hospitals.

## Toastmasters Hear A. Kinnis At Yule Party

Several addresses and a musical interlude were the main features Thursday night at a Christmas gathering at the Strathcona Hotel of members of the Toastmasters' Club, No. 38.

Main speaker was A. Kinnis. Talks were also given by Alderman Robert MacMillan, Frank Mitchell, M.L.A. J. Dean, D. Taylor, W. Gizzard and Mark Robinson. Table topic master was Arthur Ousman and toastmaster was Col. Donald McGugan, B.C. liquor commissioner.

Critics were Barrie Gault, Percy Albright, P. Lanigan and L. Smith. Music was provided by H. MacGregor and J. Robinson.

## Homes Get Close Check By Judges

Approximately 30 Greater Victoria homes are under the close scrutiny of four prominent city men these nights.

The four—E. W. Arnott, George Duck, John A. Di Castri and Leslie J. Macdonald—will judge the homes lighting contest sponsored each year by the Junior Chamber of Commerce.

Judging will finish tomorrow night and it is expected that the winners will be named Monday. Prizes are two silver trophies and merchandise.

On the list are A. I. Curtis, 1050 Pentrelew Place; A. T. Thompson, 1161 Burdett Ave.; Luxor Manor, 1050 Richardson St.; James Lomas, 1893 Hollywood Crescent; Peter Clark, 150 Barkley St.; Thomas J. Johnston, 305 Kline George Terrace; Frank H. Partridge, 151 Beach Drive; Dr. E. Whitmore, 920 Transit Road; F. E. W. Robinson, 1039 Bank St.; Larry Howard, 2800 Beach Drive; W. G. Mearns, 3245 Beach Drive; P. A. E. Manning, 3225 Ripon Road; W. Inglis, Myrtle Spring, 2541 Sinclair Road; C. N. Chubb, 3440 Upper Terrace Road; Capt. R. B. Smith, 2525 Lansdowne Road.

Ben W. Davies, 3035 Uplands Road; B. Nicholls, 3017 Henderson Road; Lew MacDonald, 3131 Service St.; R. Greenwood, 1648 Haultain St.; W. H. Stevens, 1580 Kisher Ave. (off Shelbourne); Joanne Dunn, 3231 Wicklow St.; Andrew Wright, 1031 Tattersall Drive; F. T. Smith, 907 Falmouth Road; Miss B. Bramwell, 1151 Burnside Road; Jack S. Phillion, 10 Phillion Place (view from George Road by Rockwell); H. M. Lloyd, 887 Tillicum Road; and F. L. Kito, 524 Selkirk Road.

### School Concert Has Cast of 50

SOOKE, Dec. 21.—Fifty jolly children performed in the annual Knox Presbyterian Church Sunday School concert in Sooke Community Hall.

Mrs. J. J. Yost was piano accompanist for the carol singing. Santa Claus arrived and presented to every child a gift and candy bag.

Refreshments were provided by the Evening Guild members to a large gathering of families and friends.

## Storms Delay Churchill's Trip

LONDON, Dec. 21 (Reuters).—Storms in the Atlantic will cause a 24-hour delay in Winston Churchill's departure for the U.S. He was due to sail for New York in the Queen Mary Dec. 29, but will leave a day later. The liner is due to dock in New York tomorrow 48 hours late after running through rough seas. On her return journey to Britain this week she is likely to be able to make up the full time.

LONDON (CPI)—Historic Emmanuel Church here was reopened after restoration work said to have cost about £20,000. The church was hit by bombs eight times in the blitz of the Second World War.

Print plainly size, name, address, style number. The pattern will be mailed from Toronto and should reach you in two weeks or less.

## Premier and Mrs. Johnson Attend Liberal Yule Party

Premier and Mrs. Byron Johnson enlivened proceedings Thursday night when they paid a surprise visit to the annual Christmas tree party of the Victoria Liberal Association held in the group's headquarters.

Community singing started the evening off and later entertainment included a recitation by Alex Lacey, tap-dancing and acrobatic stunts by pupils of the Florence Clough Dancing Academy and moving pictures shown by Capt. D. J. Proudfoot. Accompanist was Mrs. V. Bertucci.

## Tremendous Response Assures Stall Success

A tremendous response for her Surplus Food Stall has assured a successful day at the Market Building today, according to Mrs. Barbara Green.

So much has come in that it is necessary to appeal to everyone to visit the stall only from 2 p.m. to 4 p.m., Mrs. Green said.

## Field Ambulance Unit Holds Christmas Fete

Annual Christmas dance held by the 13th Field Ambulance unit last night was enjoyed by about 65 members and their guests at Bay Street Armory.

During an intermission entertainment was provided by singer Rolly Walsh. His services, and those of the Al Denon orchestra, were donated for the evening.

Master of ceremonies of the event at the sergeants' mess was Sgt. F. H. Adams.

The 13th Field Ambulance consists of the medical and the service corps.

## Tito Attacks West Critics Of Arms Aid

BELGRADE, Dec. 21 (AP).—Premier Tito lashed out bitterly tonight at western critics of military aid to Yugoslavia and declared "our glorious army can defeat any enemies which would dare to attack."

Tito addressed a group of high Yugoslav military and civilian leaders on the eve of the celebration of the 10th anniversary of the Yugoslav people's army. "There are people in the west who, for certain reasons, hope that we will not receive heavy arms," Tito said in a speech. He singled out Italian and British critics.

These critics, he continued, hope that "in case of war we would shed our blood in the mountains as in the first years of the Second World War as a weakly armed mass which, in a decisive moment, would be incapable of preserving its liberty, independence, and the socialist social order."

Tito spoke of an article in the Manchester Guardian of Dec. 7. He said the article was "insulting for our army and for our peoples." He quoted the writer as having said that deliveries of heavy materials and tanks would be catastrophic for the Yugoslav army, which has been accustomed only to small-scale guerrilla fights and could not master mechanical equipment.

## Annual Concert Features Fable

SOOKE, Dec. 21.—Sooke elementary school annual Christmas concert was staged in Sooke Community Hall Thursday with the production of Cinderella as a main feature on a program of carols, plays and dances.

Ernest E. Pollard, principal, welcomed a large audience of parents and friends. About 200 children, grades 1 to VI took part.

Santa unloaded his sack of good things provided by the Sooke and Milnes Landing P.T.A., and gave something to all the little children in Sooke.

## Red Chinese Buildup In Korea Reported

TAIPEH, Formosa, Dec. 21 (AP).—Nationalist China's defense minister said today Soviet trained and equipped Red Chinese troops are pouring into Korea ready for combat. Gen. Kuo Chi-chiao, said more than 1,000,000 soldiers have been shifted from China proper this year to Manchuria.

## Lumber Company Protests Charges for Street Work

A large lumber company here has complained to the city over charges for a local street improvement, claiming that officials are penalizing industry.

## Aluminum Set For Britain Goes to U.S.

MONTREAL, Dec. 21 (CPI).—Aluminum sold to Britain is moving to the United States in a three-way agreement, it was announced today.

The first of 200 railway cars has left for the U.S. from Shawinigan Falls, Que., 120 miles northeast of here.

Under an agreement with Canada and the U.S., aluminum originally intended for Britain is being diverted to the U.S. Britain will get much-needed U.S. steel in exchange.

The bulk of shipments will be made from Arvida, in northwestern Quebec, by the end of this month.

The shipments are made by the Aluminum Company of Canada which said additional aluminum will be produced by 1954 at a British Columbia plant now under construction. This will greatly help to alleviate a world shortage of the metal.

The three-way agreement provides for the diversion of British aluminum to the U.S., increasing Canadian shipments to the latter country by 4,000,000 pounds a month for the next five months.

## Howe Attacks Price Fixing

OTTAWA, Dec. 21 (CPI).—The practice of price maintenance in Canada was blamed today for the influx of United States refrigerators into the Canadian market. Trade Minister Howe said the practice of resale price maintenance was more to blame for the increased flow of U.S. refrigerators into Canada than dumping. He was replying to C. W. Hodgson (P.C., Victoria, Ont.), who said that increased imports of U.S. refrigerators caused layoffs at Canadian plants.

"We feel that we are entitled to reasonable treatment from the city," states a letter from W. Stanley Moore, sales manager of Moor-Whittington Ltd.

Improvements to David Street, between Bridge and Pleasant, will cost the company about \$100,000, spread over a 15-year period, the letter states. Mr. Moore says he finds it "hard to understand" why John Street close by was improved under the plan.

Street is charged under the local improvement plan.

"It appears that certain officials and others consider it

## Greater Commitments In N.A.T.O. Considered

OTTAWA, Dec. 21 (CPI).—A North Atlantic committee of 12 members is still considering the question of expansion of arms and economic commitments of the various member countries. External Affairs Minister Pearson told the Commons today that a special committee of three drafted a report which was sent to a larger committee of 12.

smart to further penalize industry," the letter goes on.

The lumber partner states that his company had repeatedly asked that something be done to David Street because it was "one of our most difficult problems." Customers visiting the plant had often complained of the bad condition of the road, he says.

He points out that in 50 years the company has operated in the

dollars in wages and thousands in taxes.

City clerk M. F. Hunter said yesterday the complaint will go to the public works committee and may be considered at the local improvement court of revision Jan. 28.

## May Recruit Spotters To Augment Radar Plan

Civilian aircraft spotters may be recruited next year to supplement the Royal Canadian Air Force radar-warning system, it was reported yesterday.

R.C.A.F. in Victoria, however, were unable to say how many persons would be required on Vancouver Island. It was indicated the spotters' work would be much the same as that employed during the last war.

The R.C.A.F. announced that about 150,000 people would be required across Canada when the plan is effective.

## Stalin's Whereabouts Unknown on Birthday

LONDON, Dec. 21 (Reuters).—Josef Stalin's 72nd birthday was celebrated today behind the iron curtain, but there was no clue in Moscow reports as to the present whereabouts of the Soviet premier.

## Civil Service Wage Boosts Cover 14,000

OTTAWA, Dec. 21 (CP).—The Civil Service Commission today announced salary increases for some 14,000 civil servants across Canada, covering 400 classes of employees.

They are in addition to increases announced last Friday which affected some 90,000 civil servants.

Today's increases range between \$200 and \$350 a year, and cover lower grades in the professional groups, translators, draftsmen, technical officers and technicians, income tax assessors, accountants and auditing clerks, and the first two grades of administrative and treasury officers.

Still undetermined are about 1,200 classes of civil servants, involving some 10,000 persons, of whom 5,000 are employed in Ottawa. Commission officials said today the cases still under review should be completed by the end of the year, although the announcement may be delayed until later.

The increases are retroactive to last Dec. 1.

## Daily Astrology

FOR: SATURDAY, DEC. 22, 1951  
Today's Quotation: "It is hard for the mind to be always at a part of a unanimity."

—Christopher Morley.  
Saturday for Everyone: Be practical, saving, careful during day. Steer clear of a tendency to haste, impulse, upsets. Evening: Enjoy some sociability, relaxation.

Look for Your Birthdate and Birthsign Below:

March 21 to April 19 (Aries)—Strive for full reciprocity; don't be put at a disadvantage in joint undertakings, associations. Evening: "Get around."

April 20 to May 20 (Taurus)—Cover territory by getting underway early and staying on the job. Employ dietary discretion.

May 21 to June 20 (Gemini)—Elude antagonism. Evening: See those who favor your goals and aspirations.

June 21 to July 22 (Cancer)—Be on guard against complications. Evening: Expedite tasks, transactions with parents or home folks.

July 23 to Aug. 22 (Leo)—Be sure your program does not tax your nerves or diplomacy. Make speediest headway around evening.

Aug. 23 to Sept. 22 (Virgo)—Be "quick on the trigger" to head off possible shifts which might impair finances. Evening: Attend to accounts, assets.

Sept. 23 to Oct. 22 (Libra)—Put some effort into checkmating negative impulses. Seek to bring about harmony, unified action this evening.

Oct. 23 to Nov. 21 (Scorpio)—Employ available information to "crack" some dilemma. Evening: Rest, relax.

Nov. 22 to Dec. 21 (Sagittarius)—Analyze any alteration in sentiments; determine whether it is wise and in your welfare. Evening: See friends.

Dec. 22 to Jan. 19 (Capricorn)—Allot your time to both commercial and family claims; get a nod from all the parties before acting.

Jan. 20 to Feb. 18 (Aquarius)—Secure some tidings or commitments of future value. Look for possible gala doings this evening.

Feb. 19 to March 20 (Pisces)—Apply a brake to lavish spending, credit ventures; bring budget into line. Evening: Enjoy privacy.

Planning ahead—Good for sociability, entertaining, etc.; Evening of Dec. 22, 23, 24, 25, 30, Jan. 1, 7, 8.
